

Each individual has infinite potential to be successful.

Success depends upon

- ***Getting a chance to perform***
- ***Performing when you get a chance***

We work on both these aspects with people.

We at ornate facilitate you to understand multi-faceted aspects of people and help can you achieve success by enhancing business performance through the systematic and comprehensive development of people, teams, and the business.

In the modern-day scenario, the factory system of assembly line, one solution fits all mentality will simply not work. People have changed, the game has changed- Expression, Individuality and free thinking are slowly taking over. Companies, business owners, educational institutes, thought leaders, game changers and the likes must first attempt to truly understand this before they formulate their strategies.

We partner with the leaders to ensure the customize solutions for the employees to be high performers. The 5 levels at which we work are – Workplace Essentials, Career Development, Leadership Development, Team Development, Train-The-Trainer

In a Nutshell

- 8 years of corporate experience
- 5 years of consulting experience
- Trained over 3000 people
- Networked in key cities
- Work in areas of Visioning, Strategizing for Success, Building Capabilities of Human Resources

Our Solutions

The intervention will depend on the brief given by the client and the first meeting with the client to understand the requirements. The design sent is discussed to ensure learning and return on investment. Strategies for ensuring implementing and sustenance of learning is also shared for the interventions.

Strategy

We keep it simple. We first identify the lags, the deficit and then we create a program which logically, emotionally & professionally looks to transform you the participant through a variety of:

- Time Tested Tools
- Experiential learning
- New learning
- Realigning old learning

Methodology

Accelerated Learning Principles – We use all the tenants and principles of Accelerated and Adult learning to ensure that the returns are high to the organization and learning is maximum to the participant.

Our sessions are a mix of Blended Learning (Online and Offline) Demonstrations, Discussions, Presentation, Show and Tell, Games.

We use the following methods for learning and development:

- Classroom Training
- Masterminds
- Webinars
- Workshops
- One-to-one Coaching
- Group Coaching
