

# JAYANT KULKARNI

## P r o f i l e

I bring 39 years of experience working with Bosch, where I have honed my skills and expertise in various domains.

One of my areas of specialization is in being a coach trainer for Failure Mode and Effects Analysis (FMEA). I have trained numerous individuals and teams on FMEA techniques to improve product quality and mitigate risks.

**I have delivered FMEA trainings in various countries Viz England, Netherland, Singapore, Malaysia, Vietnam, Thailand, Germany**

In India, FMEA training and coaching has been conducted in 10 manufacturing industries which has resulted in enormous benefits to these organizations.

**Problem solving with 8D method is another area where my expertise helped organizations to find the root cause with systematic approach.**

As a Quality Management System (QMS) expert, I have a thorough understanding of the IATF 16949 standard and have successfully conducted system and process audits to ensure compliance and optimize organizational performance.

**Another facet of my expertise lies in being a certified soft skills trainer, recognized both nationally and internationally. This allows me to effectively enhance the communication, leadership, and interpersonal skills of individuals across various corporate settings.**

Lastly, I am also adept at training individuals on Advanced Product Quality Planning (APQP) and Production Part Approval Process (PPAP), crucial elements in the automotive industry. Moreover, as a Basic Quality Principle trainer, I educate professionals on the key principles necessary for establishing a culture of quality excellence within organizations.

Bringing together my years of experience, vast knowledge, and comprehensive skill set, I look forward to collaborating, sharing insights.

Thank you
